

SCHOOL WELLNESS

The Dugsi Academy Wellness Committee advises the school on recommended policies, practices, and programs that support and improve the overall health of the school community. This includes monitoring the Local School Wellness Policy that includes goals for nutrition education, physical activity, school activities, and nutrition standards for all foods available.

The committee membership can be comprised of parents, students, community members, the school board, school administrators, and teachers. We are continuously looking for new members of our committee that share our passion for creating a school culture that promotes health and wellness. For further information, contact Yusuf Mohamed.
